

Wisconsin Hunter Jumper Association
2010 Membership Information

2010						
Equitation Points are applied to the rider's circuit of record as of the start of the horse show where the points are earned.						
Hunter and Jumper Points are applied to the horse's circuit of record as of the start of the horse show where the points are earned. *						
* "A" Circuit declared horses may be shown on the Local Member Circuit by Limit, Beginner, Short Stirrup, Long Stirrup and Small/Medium Pony Hunter riders at heights no greater than 2'3". Each rider in these divisions must be a member of the WHJA and register the horse under their membership on the Local Circuit for points to count.						
Points will not count toward any horse/rider combination until the proper form and fees are submitted to the point Chairperson or the horse show secretary prior to showing. Members may change their declaration one time during the season (Dec 1 to Nov 30), but all points from the prior circuit are forfeited and points on the new circuit accrue from the date of the change. There are no retroactive points. Members seeking to change their declaration must do so in writing and the date of change for the purpose of recording points will be dependent on the postmark, or in lieu of postmark, the date received by the Points Chairperson.						
Membership Form available at www.WHJA.org . All questions regarding membership information should be sent in writing to Membership Chairperson, Marcia Bobek, via mail (see Web site for address) or e-mail to marciabobek@aol.com Updated as of July 21, 2010
